*Chardonnay 2006, Gran Reserva, Luis Felipe Edwards, Chile white, \$16.60, SAQ # 10694093.* Impressive chardonnay that avoids the goopy fruit of so many warm climate wines of its ilk. Just 40% of the blend is aged in oak which adds just a touch of buttery richness to support the lemons, apples and hint of more tropical fruits. Another great effort from this family run Chilean winery. Drink now-2010. Food pairing: Salmon and other fattier fish.
